Determination of Patent Term Adjustment under 35 U.S.C. 154 (b) (application filed on or after May 29, 2000)

The patent term adjustment to date is 59 days. If the issue fee is paid on the date that is three months after the mailing date of this notice and the patent issues on the Tuesday before the date that is 28 weeks (six and a half months) after the mailing date of this notice, the term adjustment will be 59 days.

If a continued prosecution application (CPA) was filed in the above-identified application, the filing date that determines patent term adjustment is the filing date of the most recent CPA.

Applicant will be able to obtain more detailed information by accessing the Patent Application Information Retrieval (PAIR) system. (http://pair.uspto.gov)

Any questions regarding the patent term extension or adjustment determination should be directed to the Office of Patent Legal Administration at (703)305-1383.

Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: http://www.uspto.gov/main/howtofees.htm.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

Election/Restrictions

- 1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 26-32 and 56-72, drawn to an led having a threshold operator, classified in class 345, subclass 83.
 - II. Claims 32-39, drawn to calibrating a display and mapping the digital image, classified in class 345, subclass 587.
 - III. Claims 40-55, drawn to detecting absence of a second image and inputting a default image, classified in class 382, subclass 162.
 - IV. Claims 1-25, drawn to selecting a color gamut, classified in class 345, subclass 594.

The inventions are distinct, each from the other because of the following reasons:

- 2. Inventions I and II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as a threshold operator which does not require calibrating a display, as recited in invention II. See MPEP § 806.05(d).
- 3. Inventions I and III are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as a threshold operator which does not require detecting absence of a second image, as recited in invention III. See MPEP § 806.05(d).

9. During a telephone conversation with Thomas Kohler on 5-5-2003 a provisional election was made without traverse to prosecute the invention of group I, claims 26-31 and 56-72.

Affirmation of this election must be made by applicant in replying to this Office action. Claims 1-25 and 32-55 are withdrawn from further consideration by the examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention.

EXAMINER'S AMENDMENT

10. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas Kohler on 5-5-2003.

The application has been amended as follows:

In the claims:

Cancel claims 1-25 and 32-55.

Allowable Subject Matter

11. Claims 26-31 and 56-72 are allowed.

Page 4 5-16B

Art Unit: 2673

12. The following is an examiner's statement of reasons for allowance: Claims 26-31 and 56-

Page 5

72 are allowable since certain key features of the claimed invention are not taught or fairly

suggested by the prior art. Specifically, identifying a first region of chromaticity with a first

boundary available through operation of the at least one light-emitting diode and a second set of

light emitting diodes capable of emitting light having a second set of chromaticities, wherein the

second set of light emitting diodes is less than or equal to the first set; identifying a second

region of chromaticity with a second boundary available through operation of a third set of light

emitting diodes capable of emitting light having a third set of chromaticities, the third set not

including the first light-emitting diode, wherein the third set of light-emitting diodes is less than

of equal to the first set. The closest prior art, Maeshima et al (6,486,923) disclose using hue

modification to improve display quality, but fail to anticipate or render the above underlined

limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the

payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for

Allowance."

13. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ricardo L. Osorio whose telephone number is (703) 305-

2248. The examiner can normally be reached on Mon-Thu from 7:00 AM-6:30 PM.

Bipin Shalwala, can be reached at 305-4938.
